## THE TROOPS WEEP FOR HIM

Departure for Bulgaria—The Rent Question in Ireland—Elections Re-sisted—General Foreign News.

TURN SEVERIN, Sept. 9.—Prince Alexander, M. Stambuloff, M. Karaveloff, and nearly all the Bulgarian Ministers arrived here this morning in a yacht. Roumanian troops received the Prince at the landing.

Alexander took leave of his minister

and officer here. The farewell was very affecting. A Bulgarian aide-de-camp will accompany Alexander from here. He will leave Turn Severin this afternoon and will proceed direct to his parental home at

**Darmstadt.** The town of Lomi-Palanka was handsomely decorated yesterday in honor of Prince Alexander. A number of triumphal arches were erected on the prominent thoroughfares. Great enthusiasm was

valled and the Prince was frequently cheered by the populace. The Vice President of the National Assembly delivered an address of welcome to Prince Alexander, in which he said that Bulgarians

would never forget that they owed Prince Alexander everything and that they would continue to consider him their ruler. In conclusion the Vice President said that it was in the hope of all Bulgarians that the Prince would speedily return to Sofia to again assume the reins of gov-

The Prince in reply said that he was happy when the Bulgarians were content, that he was ever ready to assist them when in need of his aid, and that he hoped to see them soon again.

LONDON, Sept. 9.—It is rumored that Russia asked the Porte whether it was disposed to sanction the restoration of Alexander, and that the Porte replied that as

he Prince in his recent action totally ignored the Porte, Turkey would confine herself to supporting the decision of the Powers.

**THE RENT QUESTION.**  
 Irish Tenants Resisting Eviction—Position  
 of the Ministry.  
 LONDON, Sept. 9.—In consequence of the  
 enforcement of evictions on the property  
 of the Marquis of Clauricarde at Wood-  
 ford, County Galway, the sentiment of the  
 entire county has become inflamed to a  
 high degree. Notices have been posted

throughout the district trying to obtain from furnishing the police and others who have assisted in the evictions with supplies of any kind whatsoever and to a large extent these appeals have been complied with. The police have torn the bills down repeatedly, but they have been immediately replaced by others, and the tree-trunks, gate-posts, walls and fences are covered with them. Twenty-one prisoners are remanded at Waterford yesterday, charged with pouring boiling water mixed with lime upon the heads of the police and bailiffs, and the little town is in a fever of excitement. Men are locking in

on all parts of the country, each carrying a stout stick and many having other weapons concealed in places easy of access. The police are in the case of an alarm called out in great numbers, and the men armed by the police and police constables are very numerous. The increasing excitement all over the country has led to the circulation in an assault upon the officers of the law and their aids and sympathizers. Further disorder is expected, and it is predicted by the most peaceably disposed persons that the present state of affairs in Ireland can be but a few days more of the same.

The *Pall Mall Gazette* expresses fear that the military, instead of yielding to a more generous and statesmanlike impulse of Lord Randolph Churchill, is being driven to force Ireland by the dominant authority of Lord Salisbury. "The door opened for conciliation and for peace," says Mr. Matthews, "it says, 'is rudely slammed in the face of the Irish peasantry by

York Salisbury and Harington. The payment of full rents this autumn is impossible. Evasion should be stayed by the Government, and the tenant of a reasonable modicum of rent, and just sum, be ascertained by experts. The Government would thus save seventy or eighty per cent of the rents instead of losing the whole by insisting upon an impossibility. But Lord Churchill must do, if he is not to be entirely overruled by Salisbury and Harington. He must insist upon the working arrangement with Chamberlain, who stands committed to the staying of evictions. Mr. Chamberlain's neutrality in Mr. Parnell's bill will be another count added to the long list of services which that gentleman has failed in the cause he declares he has at heart."

**Many Soldiers.**

DUBLIN, Sept. 9.—The troops engaged the Woodford evictions on their return the barracks protested against the work forcibly putting helpless, infirm and starving people out of their into the road and declared they would in future refuse to perform such obnoxious duty. No effort on the part of their superior officers could avert the determined indignation of the soldiers, twenty of whom were placed under arrest on a charge of mutiny.
